

Bright Blue Rose

Jimmy MacCarthy

D
I skimmed across black water
G
Without once submerging
D A
Onto the banks of an urban morning
D
That hungers the first light,
G
Much much more than the
D A D
Mountains ever do.
D
And she like a ghost beside me
G
Goes down with the ease of a dolphin
D A
And emerges unlearned, unshamed, unharmed
D
For she is perfect creature
G
Natural in every feature
D Bm A D
And I am the geek with the alchemist's stone.

[chorus]

G A D
For all of you who must discover,
G A Bm
For all who seek to understand,
G A D
For having left the path of others
C G A
You'll find a very special hand.
